

GREG BRICE

SHORT BIO

Back when Greg Brice played the pubs, clubs and bars of the West Midlands he'd often find some of the toughest audiences you could imagine hanging on his every word within a few bars. His intricate fingerstyle guitar and strident electric slide connected in the raw and immediate way that only proper roots music can. And that voice – clear as a bell, powerful and pure.

Now, in the hush of the UK's Blues and Americana clubs it's the quality of his song writing that's capturing people's imagination. Within just days of launching his debut album crowd funding campaign, those lucky enough to have already discovered him came out in force. They knew something that the rest of the UK Blues scene will soon realise – that Greg Brice is a proper talent.

On release, his album was received to great critic acclaim, and reached the top 20 in the IBBA charts. This year Greg has earned nominations in three categories for the 2023 UK Blues Awards!

QUOTES

BLUES MATTERS- 'A brilliant set, mellow, musical, and thought-provoking, a treat for the senses, a great musician.'

BLUES IN BRITAIN- 'incredible talent as a guitarist and songwriter'
